MINUTES OF THE PRIMARY CONVENTION
OF THE DIOCESE OF HAWAII

Friday and Saturday, October 24 - 25, 1969

One hundred and seven years to the exact month from the arrival of the first Anglican Bishop in Hawaii to inaugurate Episcopal work in these Islands, the Primary Convention of the newly created Diocese of Hawaii was called to order in the St Andrew's Priory School gymnasium at 8:10 pm, October 24, 1969, by the Presiding Bishop of the Episcopal Church, the Most Reverend John E Hines, DD.

A quorum was declared present. Two delegates were denied seats since they were not of age. It was then requested that they be allowed to remain as delegates because they had been elected in good faith. The Chancellor indicated that would not be possible in view of the age requirements of the Diocesan Constitution and Canons. The chair so ruled.

Leis were presented to the Presiding Bishop by students from the St Andrew's Priory.

The Necrology of Bishops was read by the Presiding Bishop.

The following tellers were appointed:

| | |
|-------------------------|-------------------|
| The Rev Joseph Turnbull | Mrs Glen Burdick |
| The Rev Hugh Thompson | Mr Fred Denison |
| The Rev Richard Simpson | Mr Leonard Werner |
| Mr John Webber | |

A resolution asking that the Rev David Coon, hospitalized nearby, be allowed to vote by proxy, was ruled out of order as proxy voting is not provided for in the canons.

The Rev Kenneth D Perkins, nominated as Secretary of the Convention, and Mr Arthur Martin as Assistant Secretary, were both duly elected.

Two proposed agenda for the Convention were circulated. Agenda #1 called for the election of the Diocesan Bishop of Hawaii to be held the evening of the 24th, while Agenda #2 provided for the Bishop's election on the morning of the 25th. The Chancellor offered a resolution that Agenda #1 be approved. It was seconded. In this agenda, the Convention would proceed with the election of the Bishop by adopting only that part of the proposed Constitution and Canons which pertained to the electing a bishop. A vote by orders was then called for from the floor, resulting in 33 clergymen in favor and 22 clergymen against, 119 laymen in favor and 40 against holding the election tonight. The Chancellor presented Resolution 19 to approve that portion of the proposed Constitution and Canons which concerned the electing of a bishop. A motion was then made to amend the resolution to eliminate the clause allowing for withdrawal of a candidate's name in the process of electing a bishop. The amendment failed. The vote on Resolution 19 as presented by the Chancellor carried.

The Convention then moved to the Cathedral at 8:55 pm to elect a bishop. The nominating ballot began at 9:15 pm and closed at 9:35 pm. At the close of nominations, the Presiding Bishop celebrated the Holy Communion.

The following were announced as nominees:

| | |
|---------------------|------------------------|
| Fredrick A Barnhill | G W Frederick McKinney |
| E Edwin Bonsey, Jr | J Irwin McKinney |
| Charles T Crane | Roger M Melrose |
| Raymond W Davis | John J Morrett |
| Claude F DuTeil | Shunji F Nishi |
| William R Grosh | Robert C Rusack |
| E Lani Hanchett | Francis B Sayre, Jr |
| David K Kennedy | Charles H Smith |
| George Lee | Richard M Trelease, Jr |
| Burton A MacLean | Samuel Van Culin, Jr |

The following withdrew their names from nomination:

| | |
|---------------------|------------------------|
| Fredrick A Barnhill | G W Frederick McKinney |
| W Edwin Bonsey, Jr | J Irwin McKinney |
| William R Grosh | Charles H Smith |
| David K Kennedy | |

The first ballot was closed at 10:47 pm.

On completion of the counting of the votes cast, the Presiding Bishop announced, "You have elected a bishop on the first ballot, the Rt Rev E Lani Hanchett."

The Doxology was sung. Bishop Hanchett spoke briefly in accepting his election.

The votes were as follows:

The first plenary session was adjourned at 11:40 pm.

The second plenary session was called to order by Bishop Hanchett at 9:35 am on October 25, 1969. The Registrar reported 58 clergy and 156 lay delegates in attendance.

The Rev David Kennedy offered the following resolution: "Resolved that the Constitution and Canons of the Diocese of Hawaii be amended to read in their entirety as set forth in Draft No 2 of the Diocesan Status Committee as changed in the attached list of Errata of Draft No 2, such amendments to become effective immediately except for Article VII of the Constitution entitled "Members of Convention", said Article VII to become effective immediately following the adjournment of the Primary Convention." The resolution carried.

After discussion, it was moved, seconded and passed to reconsider the previous motion. The motion was defeated, and the adoption of the Constitution and Canons proceeded by sections.

It was then moved, seconded and unanimously carried, that further changes to the Constitution and Canons for the duration of the convention be by simple majority rather than by two-thirds vote.

Articles of the Constitution were individually amended and accepted as follows:

Articles I, II, III as presented.

Article IV, Section 4 (line 36) was amended to read "at all services" instead of "at some regular service."

Articles V and VI as presented.

At this time, the Chairman permitted Miss Lisa Barck to read Resolution No 14, which referred to the House of Bishops' position paper on Church and Youth, urging that young people be included in responsible decision-making groups in the life of the Church. The resolution asked that Article VII, Section 1, Paragraph Three of the proposed Constitution be amended to allow 15 year olds to be elected as delegates. The resolution was amended to remove all age restrictions as to lay delegates, and was overwhelmingly carried.

Following this action, the youths who had been elected as delegates were registered and took their seats in Convention.

Resolution XI, pertaining to Article VII, Section 1, Paragraph Three (lines 72 - 85), provided for an interim arrangement of 5 delegates from parishes and 3 delegates from missions, and for a study throughout the Diocese as to proportional representation to prepare for the matter being considered at the 1970 Convention. This resolution was moved and carried.

It was moved and carried that a Sixth paragraph be added to Article VII, Section 1, to give the Sisters of the Transfiguration a vote in Convention. Whereupon, the Sisters registered and took their seats.

Resolution VII, calling for the ex-officio seating as delegates to the Convention of all lay members of the Board of Directors, the Diocesan Council, the Standing Committee, lay deputies to General Convention, and the Chancellor and Vice Chancellor, was tabled.

Resolution VIII concerning the right of the Chancellor to vote in case of a vote by orders was withdrawn.

Article VII on Members of Convention was then read as amended, and accepted.

Articles VIII, IX and X were accepted as presented.

Article XI, Section 1, Line 132, was amended by substituting the word "worship" for the phrase "the celebration of Divine Service."

Articles XII, XIII, XIV were accepted as presented.

Article XV, Section 3, Line 204 was amended by substituting the wording, "the Bishop shall appoint a successor" for "it shall be filled by the Bishop", and was then accepted.

Resolution XX which sought to amend Article XVIII, Section 2, on the manner of electing deputies to the General Convention, was deferred for consideration at the 1970 Diocesan Convention.

Articles XVI, XVII, XVIII, XIX and XX were accepted as proposed.

Following noonday prayers, this session recessed for luncheon at 11:50 am.

The business session resumed at 2:05 pm with Bishop Hanchett presiding.

Distinguished Service Crosses were awarded by the Bishop to:

The Convention moved to consider the proposed Canons. Canon XVIII, Section 3, was amended to provide for ten Directors in place of "not less than seven and not more than ten Directors." (Resolution 13)

In Article I of the Bylaws of the Episcopal Church in Hawaii, Line 849, it was agreed to delete the phrase, "of the age of majority under the laws of the State of Hawaii."

Resolution XXIII, calling for the abolishing of the distinction between parishes and missions and using instead the term "congregation", was deferred for further study.

*The proposed Canons, as amended in the errata, 1 through 17 were moved and adopted in order by the Convention.

Resolution X was adopted, by which the Chapter of St Andrew's Cathedral and the Ecclesiastical Authority of the Diocese are empowered to operate under the provisions of the Statutes of St Andrew's Cathedral Chapter, Article XI, and the Bylaws of St Andrew's Cathedral Chapter, Article IX, as now written, for a period not to exceed two years from the date of this Convention, provided that all changes thus made be presented to the next succeeding Convention for ratification.

Resolution V, concerned with the properties and funds of parochial and Diocesan schools dealt within the proposed Canon XVIII, Section 1, was deferred for further study and action.

Resolution IX was passed, whereby Article I of the Bylaws, Line 851, was amended by inserting after the words "of the Bishop" the following sentence: "No elected Director shall serve concurrently on the Standing Committee or the Diocesan Council".

Canons 19-22 were moved for adoption and passed by Convention.

An unnumbered resolution (XXIV) was presented and passed which stated: "Whereas Section 3 and Section 10 of Canon XXIII regarding the presentation of Trial of a clergy-

man, not a Bishop, provides for a peremptory challenge of all laymen as Judges and, whereas it appears that the said Sections should be a subject for further study, now therefore, be it resolved that further study be made of Section 3 and Section 10 of Canon XXIII.

Resolution XXII received a favorable vote. It provides for deleting the words "having domicile" from the Errata referring to "Communicants" in Article III, Section 1, Paragraph Three (Line 73).

At 3:35 pm, the Chairman called for the election of Diocesan officers for the ensuing year. Following the report of the Committee on Nominations and Elections and a few nominations from the floor, ballots were prepared.

The following were elected:

The elections were completed at 4:25 pm. It was then moved and carried that the business of Convention be limited to acting on the proposed budget for 1970.

The Budget of \$458,190 was presented by the Rev W E Bonsey for the Diocesan Council, and certain items were clarified. Under the heading "Advance Work", the item of \$7,000 was voted to be changed to \$6,000, and the \$1,000 was allocated for the Waimanalo Youth Project. Otherwise, the Budget was adopted as presented.

The session adjourned at 5 pm to enable the members to attend a Reception for the Convention, hosted by the Holy Nativity and St Christopher's Churches.

The final session of the Primary Convention was called to order by Bishop Hanchett at 7:35 pm.

The Bishop made the following nominations which were approved by Convention:

| |
|--|
| Treasurer: Henry F Budd |
| Chancellor: Hugh Shearer |
| Historiographer: Rev Kenneth D Perkins |
| Examining Chaplains: Rev Burton L Linscott |
| Rev Roger M Melrose |
| Rev Claude F DuTeil, DD |

The Bishop then read a list of appointments to Standing Committees, which are not subject to vote. This list appears elsewhere in the Journal of the Convention.

Resolution I on the subject of Abortion Law reform within the State of Hawaii was passed, asking the State to repeal all laws concerning abortion, since it is a medical and moral question, with a proviso as to safeguards. A further resolution on the subject was adopted, to wit: "That the Diocesan appoint a theological commission to summarize and digest, for the help of pastors and of those seeking pastoral counseling on abortion, the teachings of the Church as heretofore received and presently debated."

Resolution II, endorsing the principle of housing allowances for clergy and ownership of houses, was accepted.

Resolution IV, calling upon the Diocesan Council to initiate a study of the formula for assessments for parishes and missions, and to report the results and recommendations at the next Convention, was approved.

Resolution XV, concerned with investments of Church funds in firms which maintain practices contrary to our stated policies, was withdrawn after an explanatory statement by Mr Paul Loo, investment advisor for the Diocese.

Resolution XVII was approved. This asks the Bishop to establish a study commission to consider staggered terms of office for the Board of Directors of the Diocese, such commission to be made up of three clergymen and three laymen, no more than one of which in each order shall be a member of the Board of Directors, and two of the lay persons shall be licensed to practice law by the Supreme Court of Hawaii. The commission is asked to prepare a plan for staggered terms and work with the Diocesan Nominating Committee in preparation for action at the next Convention.

Resolution XVIII (Draft II) received favorable action. It asserts that our Diocese endorses the efforts of the national Church to assist American Blacks. We commend our Bishop and deputies to the Special General Convention for pledging \$1,000 towards the \$200,000 goal in aiding the Black people, and ask that the loose offering at the concluding Convention service be designated for this purpose. The several parishes and missions are enjoined to provide all Church people of this Diocese the opportunity to share in this offering.

Resolution XXI, approved by the Convention, supports the Honorable Daniel K Inouye, U S Senator from Hawaii, and his 20 co-sponsors of Senate Bill 1872 which seeks to repeal Title II, the emergency detention provision, of the Internal Security Act of 1950. All citizens in Hawaii and Episcopalians who claim residence in a state other than Hawaii are urged to write their respective Senators and Representatives about supporting Senate Bill 1872.

After a plea for helping the Filipinos in Hawaii by the Rev Timoteo Quintero, a motion was passed to establish a joint conference between the Philippine Independent Church and the Episcopal Church in Hawaii to consider the problems and needs of the local Filipino community.

The Archdeacon of Oahu, the Ven Paul M Wheeler, moved that the date for the First Annual Convention of the Diocese be set for October 23-24, 1970; that the minutes of the Primary Convention be prepared and submitted to the Ecclesiastical Authority for approval; that greetings of the convention be conveyed to our retired Bishop Harry S Kennedy and his dear wife and to our Diocesan missionary in Western Tanganyika, Africa, the Rev Howard Kishpaugh; that an expression of gratitude and appreciation be extended to Mrs Alice Mamiya, Miss Nancy Hokama, Mrs Carol Kishpaugh, Mrs Linda

Lambrecht, Mrs Beatrice Ware, to the Dean and Staff of St Andrew's Cathedral, the Headmaster and Staff of the Priory School, and to the Coordinators of the Convention, the Rev Douglass Colbert and Mr Arthur Latta for all their hard work in preparing for our busy, fruitful, memorable Convention. The motion carried unanimously.

At this point, a delegate jumped to his feet to express the sentiments of the entire gathering in pledging "100% loyalty and cooperation in the days ahead to our newly elected Diocesan Bishop!" Bishop Hanchett responded quietly, "That means more to me than anything else I've heard today." Whereupon the session was adjourned at 10:30 pm with the Bishop's Blessing.

And so was brought to a happy ending the business part of the Primary Convention of the newly created Diocese of Hawaii.

RESOLUTIONS AS PRESENTED AT PRIMARY CONVENTION

RESOLUTION I

Action Taken: Passed

WHEREAS, the 67th Convocation of the Episcopal Church in Hawaii has gone on record in support of Abortion law reform as a desirable improvement to the present state law; and

WHEREAS, the theological debate over when a fetus is a life and whether or not abortion constitutes the taking of a life, are questions that can never be resolved to the satisfaction of all individuals and/or religious faiths; and

WHEREAS, the subject of Abortion Law is a matter of current concern before the State Legislature and they have indicated a desire for support and guidance from the community and church towards reform or elimination of the current Abortion Law, therefore:

BE IT RESOLVED that the Primary Convention of the Episcopal Diocese of Hawaii go on record as supporting the position that abortion is not a matter subject to law, but rather is a medical and moral question; and

BE IT FURTHER RESOLVED that the Primary Convention of the Episcopal Diocese of Hawaii support efforts to repeal all laws concerning abortion in this state; and

BE IT FURTHER RESOLVED that the Diocesan appoint a theological commission to summarize and digest, for the help of pastors of those seeking pastoral counselling on abortion the teachings of the church as heretofore received and as presently debated.

RESOLUTION II

Action Taken: Passed

WHEREAS, home ownership in Hawaii represents participation in an appreciation of value and net worth, and

WHEREAS, the present policy of church owned homes prevents the clergy, for the most part, from participating in the advantage of home ownership, and

WHEREAS, there are now some clergy in the Diocese who receive housing allowances rather than the perquisite of church owned housing, and

WHEREAS, clergy retiring in Hawaii frequently find themselves with no equity in real estate with which to provide housing for themselves in their old age, therefore

BE IT RESOLVED, that this convention endorses the principle of housing allowances for clergy and clergy ownership of homes.

RESOLUTION III

Action Taken: Not Passed

WHEREAS, the Diocese of Hawaii will be a voting Diocese of the Episcopal Church

even though it is impossible for this Diocese to pay its full national assessment and quota, and

WHEREAS, the Diocesan Council has adopted a policy statement stating, "NO discrimination whatsoever should be made against missions unable to meet their full assessments without aid," and

WHEREAS, the principle of Mutual Responsibility and Interdependence makes no distinction between the rich churches and the poor churches, therefore

BE IT RESOLVED, that Section 3 and 4 of Canon XIV be deleted from the proposed Constitution and Canons of the Diocese of Hawaii.

RESOLUTION IV

Action Taken: Passed

BE IT RESOLVED, that the Diocesan Council initiate this year a study on the formula for assessments to parishes and missions and that the results and recommendations of this study be reported back to the next Convention for action at that time.

RESOLUTION V

Action Taken: Deferred for Further Study

WHEREAS, the Church universally seeks to make its membership more responsibly participative in the total life of the Church; and

WHEREAS, the people of the parishes and the boards of the schools are responsible for providing the physical substance of the parishes and schools, and, therefore, should have the right to control the properties and funds of their respective corporate bodies; and

WHEREAS, the concept of centralized control of property and funds is contradictory to the concept of participative responsibility; and

WHEREAS, rectors and vestries of parishes and boards of schools are clearly people worthy of their trust; and

WHEREAS, the Canon XVIII in Section 7 (a), (b), (c), and (d) recognizes the principle of incorporation for parishes; and

WHEREAS, Section 7 (c) and Section I, Paragraph 3 of Canon XVIII are clearly contradictory in that the corporation of the local parish does not have control of its property (Section I) which by definition (Section 7 (c) it is purported to have; and

WHEREAS, parish and school investments could be made in the central funds of the Diocese by the voluntary action of the corporated parishes and schools, to the mutual benefit of all concerned; therefore

BE IT RESOLVED, that the words of Section I of Canon XVIII of the proposed constitution beginning with "and the parishes thereof" on line 626 and continuing on line 627 to wit, "and of the schools" be stricken from Section I of Canon XVIII and that the parishes and schools when incorporated, enjoy all the privileges normally ascribed thereto.

RESOLUTION VI

Action Taken: Withdrawn

BE IT RESOLVED, that the new proposed Canons for the Diocese of Hawaii numbered Canon XVII "Of the Cathedral" read as follows:

"This Convention recognizes the fact that the Cathedral Church of the Diocese should be the center of, and set a pattern for, church life, work and zeal throughout the Diocese. It adopts the following goal statement for the Cathedral:

1. The principal aim of the Cathedral Church of the Diocese, by its particular beauty and the religious services held within, is to give witness to things unseen and eternal and in a real way to offer continuous and reverent worship to Almighty God.
2. The Cathedral Church of the Diocese is to be the ecclesiastical seat for the Bishop as the Chief Evangelist, Administrator and Pastor of this Diocese.
3. The Cathedral Church of the Diocese is to establish and maintain a relationship so far as possible for the total island community, to be a strong influence in the life of the Diocese and to maintain a parish ministry for those who worship regularly at its services. Its wide impact should be made through both traditional and experimental programs in various areas; pastoral work, liturgy and worship, Christian Education, schools for the training of clergy and laity and services to community groups through the use of its facilities and personnel as appropriate to a religious institution."

BE IT FURTHER RESOLVED, that the Canon title "Of the Cathedral Chapter" be changed to Canon XVIII and Section 3 be changed to read: "The Cathedral Statutes and Bylaws shall be made, executed and amended by the Cathedral Chapter and submitted to the Diocesan Convention for approval.

RESOLUTION VII

Action Taken: Withdrawn

WHEREAS, all clergy members of the Board of Directors, the Diocesan Council, the Standing Committee and Deputies to General Convention, by virtue of their Order are delegates to conventions of the Diocese with all rights and privileges thereof; and

WHEREAS, all lay members of the aforesaid Diocesan bodies are elected at and by the annual convention, and are charged by convention to serve responsibly; and

WHEREAS, each lay member of the aforementioned bodies, unlike their clergy counterparts, in order to be delegates to the annual convention must be elected by their respective congregations and thereby is not automatically assured a seat as a delegate to convention; and further

WHEREAS, the Chancellor and Vice Chancellor, if there be one, because of his (their) vital role in the affairs of the Diocese as legal advisor(s) should be entitled to seat(s) in convention as delegates with all rights and privileges thereof; therefore

BE IT RESOLVED, that Article VII of the Constitution of the Diocese of Hawaii be amended by the addition of a Section to state as follows: "Lay members of the Board of Directors, the Diocesan Council, the Standing Committee, lay deputies to General

Convention, and the Chancellor and Vice Chancellor, if there be one, shall each be seated as delegates to the annual convention of this Diocese with all the rights and privileges thereof during the term of their respective offices. In the event any of the above shall vacate his office by resignation or death, whomever may be appointed or elected to fill such vacancy as provided for in the constitution, canons and bylaws, shall have delegate status in convention for the balance of the unfilled term. There shall be no alternates to convention for these lay members.

RESOLUTION VIII

Action Taken: Withdrawn

BE IT HEREBY RESOLVED, that this Primary Convention of the Diocese of Hawaii does amend the Constitution, Article VII, Section 1, paragraph 5 (page 3, lines 90 and 91) to read: "The Chancellor, who shall have seat and every right and privilege of membership in the Convention, except the right to vote in case of a Vote by Orders."

RESOLUTION IX

Action Taken: Passed

In order to maintain consistency among the various parts of the Constitution, Canons, and Bylaws of the Episcopal Church in Hawaii,

BE IT RESOLVED, that this Primary Convention amends the Bylaws, Article 1, (page 26, line 851) by inserting after the words "of the Bishop" the following sentence: "No elected Director shall serve concurrently on the Standing Committee or the Diocesan Council."

RESOLUTION X

Action Taken: Passed

WHEREAS, the proposed Canon XVIII, Section 3 (page 18, line 616), if adopted, would nullify Statutes of St Andrew's Cathedral Chapter, Article XI, and Bylaws of St Andrew's Cathedral Chapter, Article IX; and

WHEREAS, the Cathedral is continuing a study of its relationship to the Diocese and the other institutions on Queen Emma Square which began as a part of the work of the Diocesan Status Committee, and which could lead to changes being desired between conventions; therefore

BE IT RESOLVED, that this Primary Convention empowers the Cathedral Chapter and the Ecclesiastical Authority to operate under the provisions of Statutes of St Andrew's Cathedral Chapter, Article XI, and Bylaws of St Andrew's Cathedral Chapter, Article IX as now written, for a period not to exceed two years from the date of this Convention; provided, however, that all changes thus made be presented to the next succeeding Convention for ratification.

RESOLUTION XI

Action Taken: Passed

WHEREAS, the Council of Advice is concerned that paragraph 3 of Section 1 of Article

VII of the Constitution and Canons, Draft #2, regarding selection of members of Convention through proportional representation represents an issue which requires further study, and

WHEREAS, it is desirable that individual missions, parishes and/or regional planning councils should study, within the next year, the issue of proportional representation, including determination of specific criteria as to how to accurately assess communicant strength, if that method be followed;

BE IT RESOLVED, that paragraph 3 of Section 1, of Article VII of Draft #2 of the proposed Constitution and Canons of the Diocese of Hawaii be amended to read as follows:

"Lay Delegates, not exceeding five, from each Parish in the Diocese which shall not have forfeited its rights to representation. They shall be chosen by the vestry or congregation, shall be communicants and stated worshippers of the Parish they represent, and shall have been entitled to vote for Wardens and Vestrymen of such Parish for six months next preceeding their election as delegates.

The Warden, or in case a mission has two wardens, then the senior warden (or if he is unable to attend, then the junior warden) of each organized mission and the two lay delegates elected by its communicants from among their own members."

BE IT FURTHER RESOLVED, that the Primary Convention recommend that the question of proportional representation be considered at the 1970 Convention.

RESOLUTION XII

Action Taken: Withdrawn

WHEREAS, the principle of proportionate representation (Article 7, Section 1, paragraph 3, of the proposed Constitution and Canons) has already been accepted by the framers of the proposed Constitution; and

WHEREAS, this principle of proportionate representation is obviously fair and just; and

WHEREAS, it is the recommendation of the Diocesan Status Committee that this principle of proportionate representation be voted but not made effective until after this all important primary convention; and

WHEREAS, it would appear apparent that no mission would want to take unfair advantage in this primary convention by having more votes than the principle of proportionate representation would allow; and

WHEREAS, it would appear equally apparent that no parish would want to be unfairly represented by not having the number of delegates which proportionate representation would provide; and

WHEREAS, a postponement of the adoption of proportionate representation would insure inequity in the election of a Bishop; and

WHEREAS, it is reasonable to expect that a Bishop elected by a disproportionate method might not in good conscience accept the election; and

WHEREAS, missions and parishes can readily and without any confusion elect delegates

on a proportionate basis prior to the convention as provided for in the proposed Constitution; therefore;

BE IT RESOLVED, by this Convention that Article 7, Section I, Paragraph 3 of the Constitution become effective immediately upon the approval and adoption of the proposed Constitution and Canons.

RESOLUTION XIII

Action Taken: Passed

WHEREAS, the Board of Directors of the Episcopal Church in Hawaii will be faced with the difficult task of developing both a broad and firm base of financial support for the operations of the Diocese, and sound policies for the use of its real estate holdings; and

WHEREAS, Canon XVIII, Section 3, of the Canons of the Diocese of Hawaii allows for a maximum of ten members of the Board of Directors: therefore,

BE IT RESOLVED, by this Primary Convention of the Diocese of Hawaii that the number of members to be elected to membership on the Board of Directors by said Convention be fixed at ten persons.

RESOLUTION XIV

Action Taken: Passed

WHEREAS, at the General Convention of the Episcopal Church in 1967 the House of Bishops issued a position paper entitled Church and Youth which stated: "We urge that every effort be made to include young people in responsible decision-making groups in the life of our Church because the life of the Church in every level is not sufficiently expressive of the viewpoint of youth. They can come to a sense of identity with the Church only as they are given a voice in directing its affairs and in determining its life. In many instances their intuitions will be more accurate than those of their elders," and

WHEREAS, young people are faithfully involved in the life of the Church wherever possible, managing youth programs, teaching Sunday School, helping and leading in lay ministry programs, and serving on decision-making bodies in both the Diocese and local congregations wherever Canon Law and customs allow, and

WHEREAS, being fully included means having the privilege and right of self-expression through voting, and

WHEREAS, both the present and proposed Constitution and Canon Law limit the privilege and right of voting in Diocesan and congregational elections of those of 18 years and older; therefore,

BE IT RESOLVED, that the following sections of the proposed Constitution and Canon Laws of the Diocese of Hawaii be changed so that all age restrictions as to lay delegates are removed (of the Constitution: Article VII, Section 1 - of the Canon Laws: Canon VI, Section 6; Canon VII, Section 5; Canon VII, Section 6); and

BE IT FURTHER RESOLVED, that Parishes and Missions be urged to include young people in responsible, voting positions on internal decision-making bodies.

RESOLUTION XV

Action Taken: Withdrawn

From time to time, the Episcopal Church in Hawaii has taken a stand on a social issue by adopting a resolution in Convocation. In particular, in 1966 we resolved to condemn discrimination of any kind on the grounds of race or color and urged that the members of the church support national and local efforts to achieve equality and justice in racial relations.

It is now 1969 and time for us to determine whether we practice what we preach. Like it or not, the Episcopal Church in Hawaii is a multi-million dollar company, with investments in many stocks. Good business practice requires us to observe the market index in our management of these stocks, but Christian stewardship also requires us to observe the human policies of companies we support with our investments. If we truly believe that members of all races should have equal opportunities in their employment, and that men should not make their living off the misery of others, then it is time for governing boards of parishes, missions, Church institutions, and the Diocese to see whether any corporations in which they invest are companies which practice racial discrimination. Further, it is time to seek ways to support companies which promote racial harmony.

THEREFORE BE IT RESOLVED that this Primary Convention directs that a review be made to determine whether racial discrimination is practiced by companies in which we have invested; and suggests the following procedure: (a), that the Bishop appoint a Committee on Financial Investments; (b), that this committee seek out the guidelines used by our national church and others to determine criteria to be used by this Diocese, and to report their findings and recommendations to the Diocesan Council not later than its regularly scheduled meeting in April, 1970; (c), that the Council adopt criteria as soon as possible after this report and transmit them to the Board of Directors for action; and

BE IT FURTHER RESOLVED that present holdings of any parish, mission, church institution, or the Diocese of stock in racially discriminatory companies be sold with all speed and that such firms be notified of our action; and

BE IT FURTHER RESOLVED that this Convention urges that we actively seek ways to invest so as to help heal racial discrimination and promote racial harmony.

RESOLUTION XV-A

Action Taken: Withdrawn

WHEREAS, the 66th Convocation did state in a resolution that "the Church today faces a challenge to strengthen its influence and assure its relevance in such matters as those related to Church change and renewal, urban and racial crises, ecumenical relations, social and political protest movements, and the state of world affairs - a challenge which is as serious as any in the Church's history..."; and,

WHEREAS, the same and previous Convocations have by Resolution stated Diocesan policy on such matters as gambling (1961), pornography (1965), racial discrimination (1966), and war and peace (1966, 1968); and,

WHEREAS, investment policies are effective means either of carrying out or of blocking stated policies; therefore,

BE IT RESOLVED, that parishes, missions, Church institutions, and the Diocese be urged to investigate their investment portfolios, to determine if any holdings are in firms which maintain practices contrary to our stated policies; and,

BE IT FURTHER RESOLVED, that no funds of any parish, mission, or Church institution, or of the Diocese, shall knowingly be invested in firms which maintain practices contrary to our stated policies; and,

BE IT FURTHER RESOLVED, that any funds under the control of the Diocese found to be so invested shall be converted by the Board of Directors into investments which actively further our stated policies, whenever economically feasible.

RESOLUTION XVI

Action Taken: Withdrawn

In 1966 the Episcopal Church in the Hawaiian Islands resolved to condemn discrimination of any kind on the grounds of race or color and urged that the members of the church support national and local efforts to achieve equality and justice in racial relations.

It is now 1969 and time for us to practice what we preach. Like it or not, the Episcopal Church in Hawaii is a multi-million dollar company, with investments in many stocks. Good business practice may require us to observe the market index in our management of these stocks, but Christian stewardship also requires us to observe the human policies of companies we support with our investments. If we truly believe that members of all races should have equal opportunities in their employment, and that men should not make their living off of the misery of others, then it is time for governing boards of parishes, missions and the Diocese to see whether any corporations in which they invest are companies which practice racial discrimination.

Let us therefore resolve that if it is discovered that discrimination is practiced by these companies - using criteria established by a Committee of Financial Investments, to be appointed by the Bishop, and charged to report such criteria to Diocesan Council not later than its regularly scheduled meeting in April, 1970 - then no funds of any parish, mission or of the Diocese shall be invested in them, and

BE IT FURTHER RESOLVED, that present holdings of stock in racially discriminatory companies be sold with all speed and that such firms be notified of our action.

RESOLUTION XVII

RESOLUTION XVIII

Action Taken: Passed

WHEREAS General Convention II meeting in South Bend, Indiana, last month pledged to raise \$200,000. in extra-budgetary funds for the encouragement of self-determination among Black Americans

WHEREAS the delegation to that convention from Hawaii pledged a minimum of \$1,000. toward this special offering, therefore be it

RESOLUTION XIX

Action Taken: Passed

WHEREAS, under Section 5 of Article V of the Constitution of The Episcopal Church, the Constitution and Canons of a Missionary District continue to be the Constitution and Canons of a Diocese formed out of the Missionary District until altered in accordance with the Constitution and Canons of the Missionary District; and

WHEREAS, the only alteration to the Constitution and Canons of the Missionary District of Honolulu required to be made in order to elect a Bishop for the Diocese of Hawaii is Article XVII, and

WHEREAS, the pending election of a Bishop for the Diocese of Hawaii will make it difficult to give concentrated attention to the complete revision of the Constitution and Canons of the Missionary District of Honolulu proposed by the Diocesan Status Committee, and accordingly, it would be desirable to proceed with the election of the Bishop for the Diocese of Hawaii as the first order of business of this Primary Convention; now therefore,

BE IT RESOLVED that Article XVII of the Constitution of the Missionary District of Honolulu be amended to read as follows:

"XVII
ELECTION OF A BISHOP

At the Primary Convention of the Diocese of Hawaii a Bishop for the Diocese shall be elected as follows; the first ballot cast by the clergy and laity, seated at the Primary Convention, shall be the nominating ballot. Of the Eight Deputies three will be elected, one each, from the districts known generally as Hawaii, Maui, and Kauai. Any remaining clerical and lay deputies shall be elected in accordance with their plurality on this second ballot. The election of the Provisional Deputies shall be in order of plurality on the final ballot on which the deputies are chosen.

RESOLUTION XXI

Action Taken: Passed

WHEREAS, the mass arrest, evacuation and incarceration during World War II of 109,650 persons of Japanese ancestry in violation of established judicial procedures and based solely on their racial ancestry, remains as a dark blot in our Nation's history, and

WHEREAS Title II of the Internal Security Act of 1950 - popularly known as the McCarran

Act - passed over the veto of President Truman, gives the President the power to proclaim an "internal security emergency" in the event of an invasion, the declaration of war by Congress, or insurrection, and to detain persons "if there is reasonable ground to believe that such a person will engage in or probably will with others engage in acts of espionage or sabotage" following procedures at odds with our established judicial procedures; and

WHEREAS, the report of the House Un-American Activities Committee of May 1968 contained a recommendation for the possible use of detention camps for certain black militants and Communists in support of widespread rumors circulated throughout our Nation that the Federal Government is readying concentration camps to be filled with those who hold unpopular views and beliefs; and

WHEREAS, the existence of Title II which, in the belief of Senator Dan Inouye, violates a number of our established freedoms and constitutional rights, and stands as a threat to the blacks and other dissidents in our society who are seeking redress for continued inequities in employment, housing and education, thereby serves as a barrier of trust between these people and our Government; and

WHEREAS the Episcopal Church in Hawaii regards any act that denies persons the right to dissent and abridges their constitutionally - guaranteed freedoms as abhorrent and inimical to the teachings of our Lord Jesus Christ, and in conflict with the will of the Holy Spirit;

BE IT THEREFORE RESOLVED that this Primary Convention of the Episcopal Church in Hawaii meeting in Honolulu, Hawaii, this 25th day of October, 1969, supports the Honorable Daniel K Inouye, U S Senator and his 20 cosponsors of Senate Bill 1872 which seeks to repeal Title II - the emergency detention provision - of the Internal Security Act of 1950; and

BE IT FURTHER RESOLVED that this Primary Convention urges all citizens in Hawaii, and especially those Episcopalians who claim residence in a State other than Hawaii, to write to their respective Senators and Congressmen to urge their support of S. 1872.

RESOLUTION XXII

Action Taken: Passed

BE IT RESOLVED that the words "having domicile" be deleted from the errata referring to "Communicants" in Paragraph the third, Section 1 of ARTICLE VII. (line 73)

RESOLUTION XXIII

Action Taken: Deferred for study

WHEREAS, the New Testament teaching is clear that to those to whom much is given, much shall be required (Matthew 19:28 - 35); and

WHEREAS, the National Church has seen fit to make the Church in these Hawaiian Islands a diocese, even though we are clearly not self-supporting; and

WHEREAS, Canons VI and VII of the Proposed Canons continue to differentiate between Christians belonging to "parishes" and Christians belonging to "missions," on the basis of financial self - support, which is clearly contradictory to the manner in which the

National Church has dealt with this Diocese; and

WHEREAS, the Diocese of Idaho has abolished the distinction between "parishes" and "missions," therefore

BE IT RESOLVED that wherever the words "parish" or "mission" appears that they be stricken and the word "congregation" be substituted therefore, and

BE IT FURTHER RESOLVED that Canon VII be deleted in its entirety; and

BE IT FURTHER RESOLVED that Canon VI be amended as follows:

- (a) Replace Section 1 with "All congregations shall be organized at the discretion of the Ecclesiastical Authority with the approval of the Convention or Diocesan Council";

BE IT FURTHER RESOLVED that Section 3 of Canon VIII be deleted and Section 4 be renumbered; and therefore

BE IT FURTHER RESOLVED that the words "either substitute for it that of a mission or" from Section 1 of Canon XI be deleted.

RESOLUTION XXIV

Action Taken: Passed

WHEREAS Section 3 and Section 10 of Canon XXIII regarding the presentation of Trial of a Clergyman, not a Bishop, provides for a peremptory challenge of all laymen as Judges and,

DIOCESAN COUNCIL ANNUAL REPORT

The Diocesan Council met eight times from its inception at the last Convocation to September 1, 1969.

The principal accomplishment of the Council was the drafting of the 1970 budget, with the appropriate assessment apportionment. The budget was designed to hold the amount of deficit under which we operate at its 1969 level of \$141,000.00 for the coming year. This was done while still providing for the support of present special projects such as the Palama Interchurch Council and the Leeward Campus Ministry, for \$7,000.00 in addition to salaries for advance work, and for the contingency of a second Bishop's salary. Final approval of the budget, which is printed elsewhere, will take place at the Convention on October 25th.

A number of studies were made by sub-committees of the Council and ad hoc committees appointed by the Bishop. These dealt with a variety of Diocesan concerns: Confirmation and admission to communion will take on a new sequence in seven parishes and missions who will, this fall, begin a program of training that will admit younger children to Communion and delay Confirmation until after serious study and preparation in the later high-school years.

The operation of the Mokuleia Conference Center was studied with the recommendation that a full-time director be employed in an effort to strengthen the program.

The Hawaiian Church Chronicle was studied and will assume a new format this fall, under a new lay editor.

A Campus Ministry Task Force met over a period of months and studied a program of cooperative ministry to the Manoa Campus of the University of Hawaii. Canterbury House will remain the Episcopal student center for the time being. The Council gave its endorsement and budgetary support to the Leeward Campus Ministry.

The Hawaii Interfaith Urban Coalition was evaluated. The Council recognized the need for ecumenical work on the urban scene, but questioned the broader inter-faith

practicalities. The Council, believing that the HIUC needs further time to become effective has included its support as a budget item in 1970.

Acting upon the recommendation of the Kauai Regional Planning Council, the Diocesan Council recommended the placement of a priest of Filipino nationality on Kauai to minister to the Philippine Independent Church people there.

Studies which are underway but not completed as yet concern Clergy Deployment, Christian Education, and new ministries, particularly that to Mililani Town.

In addition to the above mentioned items, the Council endorsed the MRI mission of the Rev Howard Kishpaugh to our companion diocese of Western Tanganyika, and the United Stewardship campaign under the leadership of the Rev Irwin McKinney.

In its first year of operation the Council has spent a significant amount of time on defining its rules and relationships with the other Diocesan bodies. As an elected body, and one composed mostly of laymen, this group should become more and more effective in its work in the year and years ahead.

REPORT OF THE BISHOP AND CABINET

The Bishop and Cabinet is the body advisory to the Bishop. No longer does each member represent a department but rather, the Cabinet operates as a unit, creating task forces to accomplish specific programs as necessary - i. e., Clergy Salary Study Committee whose proposal for a salary increase for clergy is included in the 1970 Budget; the Campus Ministry Task Force which has recommended a new thrust in our work at the University of Hawaii; the Christian Education Task Force, in the process of reviewing the entire Christian Education program in the Diocese. In addition, there are four ongoing Committees -- Camps and Conferences, Youth, Christian Social Relations and the Diocesan Liturgical Committee.

Bishop and Cabinet meets once a month to review existing programs and to give attention to new directions of work proposed by the Bishop or Planning Officer. The Cabinet also gives the Bishop counsel in other areas of his responsibility, often through individual consultation.

Members of the Cabinet are the Reverend Messrs Eugene Connell, Fred Minuth, Paul Wheeler and William Aulenbach; Messrs Hugh Shearer, Paul Loo, Henry Budd and Samuel Chu.

The Bishop is grateful to them for the good counsel they have given to him and for the faithful manner in which they have carried out their office.

RESEARCH AND PLANNING UNIT ANNUAL REPORT

Members of the Unit: Messrs Robert Belt, William Swartman, William Bonnet, Clifford Young, Robert Jones, Clarence Tom, Douglas Wong and Gen Clarence Beck; the Rev Messrs Gerald Gifford, Fredrick Barnhill, Douglass Colbert, and Eugene Connell.

The major tasks of the Unit since January have consisted of: 1) The updating of membership and financial statistics and social community data as compiled by State and County planning agencies. 2) Assisting local churches and regional areas in establishing planning committees and developing short- and long-range goals. 3) Doing those studies that seemed appropriate or were called for by the Bishop, Board of Directors, Diocesan Council, regional and local church planning units. The first item is a never-ending study and needs to be reviewed constantly as new data is obtained from the churches or State and County agencies. At the present time profiles have

been completed on all churches and regions and have been shared with those churches upon request. One of the major sources of data is derived from the annual parochial reports, and having a full-time diocesan officer for planning has enabled the diocesan office to survey these reports and to more readily compile the statistics. The amount of data that is available from government and private agencies is at times overpowering, but planners throughout the community have been most helpful in giving of their time and professional skills in assisting this Unit and the Diocese.

The second task of establishing planning groups in each church and within defined regional areas and developing five-year goals is progressing at a satisfactory rate in many churches and areas. Kauai and Leeward Oahu have taken the lead in regional planning. Most of our parishes and missions have established or are in the process of establishing planning bodies. This first step of establishing such groups is the most difficult part of the planning process, for it means accepting a new approach to the operation of the church and being willing to not only look further ahead than one year, but to take the time to be sure that the program that is developed is based upon solid data. The planning officer and members of the Unit have spent time with numerous parishes and missions throughout the Diocese helping to explain the process. Numerous booklets on the subject have also been given to each clergyman and senior warden. One of the difficulties with planning is that it is learned by doing and it requires a willingness on the part of the clergy and laity to give the required time and importance to this endeavor. The end result that is envisioned is a comprehensive plan for the whole Diocese, but this is largely dependent upon the local churches and areas developing their own goals. The model that we are using has a high degree of citizen participation built into it and therefore the speed at which we move is largely dependent upon local initiative. Studies of local developments and sociological factors have been done for those areas or churches that have requested them. Many of the laymen on the Unit have also been able to feed in information on major developments (resorts, hotels, etc.) that have been helpful in seeing some of the long-range possibilities.

One of the exciting elements that has come out of this second task is a growing sense of cooperative effort between the Diocese and local institutions. This is so in the present Queen Emma Square Study in which the Diocese and three institutions on the Square are planning the future land use of this valuable downtown property for the benefit of not only all the agencies involved but also for the community. Similar requests for cooperative planning have been received from four other churches in the Diocese.

Another development that has arisen is the need for a basic strategy to reorganize parochial structures and establish criteria for church expansion. The third draft of a proposed strategy has been developed and given to the Diocesan Council for action. This was a cooperative effort of the Unit and the Leeward Council and once acted upon, may be helpful in establishing objectives for the Diocese.

The third task has already been alluded to in the previous portion of this report. Additional studies, review and/or recommendations have been submitted to proper decision-making bodies. These include such items as: The Hawaii Kai Special Ministry, Christian Education Study, Manpower and Job Description Study, Society of St Paul, Mililani Town Proposal, St Jude's Building Proposal, Hawaii Inter-Faith Urban Coalition, Medical Plan for Diocese, Clergy Evaluation Form, Diocesan Land Inventory, Hawaiian Church Chronicle, Auto Replacement Policy, St Barnabas' Relocation, Guam Study, and alternatives for the implementation of Bishop's 1969 Goals.

Trips were made to each of the neighbor islands and a period of time was spent on each island discussing with the laity and clergy their needs and hopes for the Church. A second trip was made to Kauai to give the Rev Jack Woodard of Executive Council an opportunity of seeing the work on a neighbor island. The planning officer attended an organizing conference in Kansas City that developed the Conference of Diocesan Executives which will act as a communication link between dioceses and the National Church. On behalf of the Diocese and New York the planning officer went to Guam to conduct a survey for St John the Divine's and develop recommendations for future work.

The planning officer was also asked to serve on the Mililani Town negotiating committee, the review panel of the Council of Churches that evaluated the Hawaii Inter-Faith Urban Coalition, the planning body for a future urban coalition development, the Cooperative Planning Committee of the Hawaii Council of Churches, the Board of the Volunteer Service Bureau, and the Comprehensive Planning Committee of the Oahu Development Conference.

DIOCESAN LITURGICAL COMMITTEE ANNUAL REPORT

Following the February Diocesan Convocation, Bishop Hanchett approved the following members of the Diocesan Liturgical Committee: Laymen: Messrs Walter Kau, Thomas Schafer, Bjorn Skrimstad and Mrs Kenneth (Gertrude) Miller. Clergy: The Rev Messrs Stanley Adams, Darrow Aiona, Gerald Gifford, Joseph Pummill and Fredrick Barnhill, Chairman.

Supporting the Bishop's convocation directive for a six months' use of the Trial Liturgy of the Lord's Supper, the committee planned and presented to the churches of the diocese an evening long Liturgical Conference at St Andrew's Cathedral on April 16, 1969. Materials helpful to this trial use period were offered as well as a display of liturgical vestments and art pieces.

The committee meets regularly once a month. Plans are forming for a January 1970 liturgical music festival under the direction of the Rev Professor Norman Mealy of CDSP. The committee concerns itself with occasional papers forwarded for study and reaction by the Standing Liturgical Commission. To date, these include (1) Holy Baptism with Laying-on-of-Hands and Holy Communion (to be proposed for trial use after the 1970 General Convention) and (2) The Collect (a paper by the Rev Professor Massey Shepherd, looking toward revision of the collects in the Eucharistic Propers.)

The committee wishes to recommend the continued use of the Trial Liturgy, as

it is expected to be revised by action of the South Bend Special General Convention on a 50-50 schedule with the regular Prayer Book Liturgy for the remainder of the three year trial period.

REPORT OF THE HAWAII KAI MINISTRY

In previous Journals these items are found relating to the Hawaii Kai Ministry: First, in 1965, the Board of Directors "appointed a committee to study the proposed Religious Center at Hawaii Kai." Second, Archdeacon Wheeler reported to the 1966 Convocation "that arrangements have been made to hold services at Hawaii Kai, using a religious center given by the developers for the shared use of several denominations, thus avoiding expensive duplication of churches and other related buildings. (The building was not given, it was leased.) Third, during 1966 the Board of Directors "Authorized Diocesan contribution of \$15,000 as our share of the Hawaii Kai Religious Center." The fourth reference is indirect but important: Archdeacon Wheeler told the 1968 Convocation, "Mission strategy must be flexible. The Community of Urban Crisis, new developments of high rise condominiums and wholly planned new towns demand of the church a structure that can move rapidly and wisely into new situations that will give the church missionary opportunities to witness through new types of ministry." Last, in 1968 the Board of Directors "Authorized purchase of house at Hawaii Kai for use of clergyman starting new work in that area."

The first effort in Hawaii Kai did not come off as hoped partly because the denominations involved could not agree on a structure or on a mission strategy which could operate in the new situation, and the developers had a structure and strategy -- into which the churches could not fit.

The new start began late in 1968 from discussions by Father Connell and the Rev Teruo Kawata of the Hawaii Conference, United Church of Christ, concerning the possibility of getting the developers to return the unused portion of the contribution, or to let us use it for some purpose related to the mission of the church in Hawaii Kai. This led to a series of talks by representatives of the two denominations, of Holy Nativity Church, and of the Hawaii Kai United Church of Christ on the future of the work in Hawaii Kai. It was soon discovered that the members of the latter church were completely committed to the concept of ecumenical work. Their previous minister, the Rev Edward Brantz, had resigned hoping this would allow a new start in which all denominations could share in the planning and decisions leading to a new effort. This did not happen, but their hope for this kind of ministry is still very alive. As the expanded talks went on, Bishop Hanchett felt the work would probably proceed more solidly if the Episcopal Church cooperated with the local congregation. He offered to supply a full time man to work and worship with them, and to survey Hawaii Kai for needs and attitudes and opportunities for ministry. At first this was received with some suspicion, since it was not a joint decision, but our willingness to send a man to a "non-Episcopal" venture has proven to be a more convincing demonstration of our commitment to experimental and ecumenical ministry than our previous efforts.

I moved to Hawaii Kai in February and have been worshipping with the local congregation, sometimes leading, sometimes not. We have experimented with various worship styles, and are learning about each other -- our similarities because we are human and Christian, and our differences because we are human but from different branches of Christianity. I have been gathering information about Hawaii Kai and its people, and I write other experimental and ecumenical ministries as I hear of them. The Rev Howard Fuller, Extension Minister for the Western Region of the United Church of Christ, is supposed to come later this Fall to assist us with an extensive survey which should clarify "our opportunities to witness through new types of ministry." Then we will assess our, and our denominations', ability and willingness to engage in these

new ministries for our Lord's sake.

The Rev J Hollis Maxson

REPORT ON STEWARDSHIP

THE NEED FOR STEWARDSHIP. There was cause for concern. The transition from Missionary District to Diocese brought added financial responsibilities and laid them at Hawaii's door. The Bishop and Cabinet acted to meet the challenge with more emphasis on stewardship.

ONE DEFINITION OF STEWARDSHIP is: "That voluntary commitment to the Kingdom of God which begins with the heart, goes through the mind and reaches to the pocketbook."

THE THEME OF STEWARDSHIP is: "God owns everything, even our time, talents, and treasure. He expects His children to acknowledge this by offerings which are related to our resources."

THE MACHINERY OF STEWARDSHIP centers around a Diocesan-wide Every Member Canvass, held simultaneously on Sunday, October 5th in all congregations. Chosen for a pattern was a program called "Strength Through Giving." It is a tried and proven spiritually-oriented system whereby a dedicated congregation can give expression to their commitment. In May 1969 the Bishop wrote personally to every Senior Warden urging cooperation and providing a sample kit of the do-it-yourself canvass materials. The responsibility is mainly upon the laity, with clergy support.

EDUCATION IN STEWARDSHIP is in Sunday bulletins, sermons, articles in the "Hawaiian Church Chronicle," successive mailings and at church dinners. These will be followed, in most cases, with home visitation to talk about stewardship and to receive pledge cards for 1970.

THE RESULTS OF OUR STEWARDSHIP will be in proportion to our commitment. Hopefully we should be a much happier group of churchmen, experiencing deep satisfaction as we realize our sonship. A secondary result will be adequate resources to meet the needs of the new Diocese.

Diocesan Stewardship Chairman

HAWAII EPISCOPAL YOUNG CHURCHMEN

1969 has been and continues to be an interesting, yet different year for the HEYC. The past year has been a learning one. Some of our findings have been:

1. The "old" standard Youth Programs of beach parties, dances, being entertained, busy work are no longer acceptable to youth. Everytime HEYC tried one of these events, it failed.

2. Young people today want to dialogue and wrestle with the faith. This is substantiated by the strong desire to bring in provocative movies and to hold more weekend conferences, such as "Man-Alive" where youth has a chance to air their doubts and build a mature theological foundation.

3. Today's youth want to be a part of the Church. They want a "voice and a vote." They want to be involved. This Convocation will demonstrate their willingness to work at this.

4. Youth wants what the Church of Christ has to offer - love, peace, freedom, reconciliation. This is evidenced by new growth and vitality in HEYC over the past year. Many parishes and missions have regrouped youth and given greater emphasis to youth needs. Our May 1969 Youth Convocation was attended by over 100 teenagers from all over Hawaii. Officers were elected.

Many of our programs this year will be held in a regional capacity, both with Episcopal Churches and ecumenically - if possible.

HEYC is attempting to raise funds from sale of the "Buyers' Guide," and individual church pledges to pay its own way. HEYC wants to be a part of the Episcopal Church, and we are hoping that every parish and mission will support us with cooperation, youth representation on vestries and Bishop's Committees and a financial commitment.

CAMPS AND CONFERENCES COMMITTEE REPORT

The Diocesan Camp Committee is responsible for the Camps & Conferences programs. Its duties include the planning of the Diocesan Summer Camp on Oahu; investigating effective usages of the Conference Center at Mokuleia; interest in and participation in related camp-conference programs. Its members:

| | |
|-----------------------------|--------------------------|
| The Rt. Rev E Lani Hanchett | Mr Don Johnson |
| The Rev Franklin Chun | The Rev Howard Kishpaugh |
| The Rev Richard Chang | Mr John Kim |
| Mrs Charles (Diane) Crane | Mr Robert Masuda |
| The Rev Rudolph Duncan | Mr Robert Merriam |
| Mrs Claude (Roberta) DuTeil | Mr Clifford Young |

With the resignation of the Rev Richard Chang as chairman of the Committee in March, the Rev Franklin Chun was appointed chairman. The Rev Mr Chang was asked to remain in an advisory capacity.

Summer Camp Program, 1969

Summer Camp was in operation from July 7th to August 9th for girls & boys, 7-14 years of age. The program was designed for five one-week sessions, 40 campers per session or a total of 200 campers for the Summer. Fees were \$25.00 per camper. The quota for '69 was exceeded with 213 campers as compared to the previous year's 147 campers. Summer Camp, hence, did not operate in a deficit as it did the previous year.

Campers came not only from Episcopal Churches on Oahu, but also from Holy Apostles, Hawaii; Good Shepherd, Maui; Roman Catholic churches; Variety Club School (for children with learning disabilities due to neurological dysfunctions); and Kuhio

Park Terrace.

Special thanks and considerations should be given to the Camp Committee for planning the program, the Camp Staff for initiating the program, and to Mr Albert Manning, present Conference Center's caretaker.

The Conference Center, Mokuleia

In early spring, the Conference Center's property was faced with some loss of land on its beachfront due to sea erosion. No estimate of the value of land lost could be made at that time. A sea wall at the cost of \$50,000 - \$55,000 was then considered, but tabled.

The Camp Committee at its March meeting felt that the Center was an essential facet to the Church's program, and that the property had a foreseeable potential land value.

At its Youth Convocation in May, the Episcopal Young Churchmen of the Diocese urged that the Center be maintained, as "it was a vital part of the Church's youth program."

A Diocesan Council Sub-Committee, under the chairmanship of the Rev Charles Crane, met in July to study and make recommendations for the program and operations at the Center. It was felt by this sub-committee that the Episcopal Church retain its present holding. Consideration was given to the hiring of a full or part-time person whose primary responsibility would be to the Center in administration and programming.

Related Programs

The Hawaii Council of Churches' Wilderness Training Camp held in Pauuilo, Hawaii at the Methodist campsite, "Camp Mekokiko" on February 25th - 26th emphasized primitive camping skills. The Rev Messrs Franklin Chun, Elsberry Reynolds, and Richard Winkler represented the Episcopal Church. All felt that the skills offered were good ones, and could be included in the Church's summer programs.

The Health & Community Services Council in Hawaii sponsored its first "Summer Leaders' Workshop" at Palama Settlement on June 6th - 7th, offering workshops in all aspects for a summer program. It was an excellent undertaking. The Rev Franklin Chun represented the Episcopal Church.

REPORT OF EXAMINING CHAPLAINS

During the calendar year of 1969 examinations required by the Canons of the Church were prepared by your Board for Messrs Donn Brown and Richard Simpson, both attending the Church Divinity School of the Pacific. Both men fulfilled all the academic requirements for ordination to the Diaconate and to the Priesthood.

REPORT OF THE EPISCOPAL CHURCH WOMEN OF HAWAII

The purpose of the Episcopal Church Women of Hawaii is to carry out the programs and policies of the national and the local Church.

Through corporate worship and study the Executive Board tried to fulfill the particular needs of the women by presenting varied programs such as:

1. Subject, "Diocesan Status," the why, how, and when. Panelists were the Rev E B Connell, moderator; the Rev D Kennedy, rector of St Peter's Church and Mrs Charles Tawarahara, laywoman.

2. Project, Lenten Sewing. Mrs Raymond Ching, supply secretary, was in charge. Baby garments for the State Social Welfare Agency were sewn on five Fridays in Lent.

3. Island-wide meeting, topic "The Church Turned Out or Turned On." Speakers were made up of youths from the Hawaii Episcopal Young Churchmen: Stephen Yuen, Sue Johnson, and Sheila Lee. The Rev William Aulenbach was the moderator and the Rev Franklin Chun, in charge of camp, also spoke. Mrs Charles Davis, Christian Education secretary, was responsible for setting up this interesting meeting.

4. A special meeting was held in June at the home of Bishop and Mrs Hanchett in honor of Miss Frances M Young, executive staff member of the Committee for Women - Service to Dioceses. Dr Marian Kelleran, elected representative to the Committee for Women, was also at the meeting. Miss Young enlightened the women on the major changes in the National Executive Council, New York, and the women's role in the whole life of the Church. A delicious luncheon was served after the meeting.

A Resolution on Abortion Law Reform was presented, passed, and adopted by the women at their Annual Meeting. Another resolution commending the efforts of the State Department of Education for the Sex Education Program was presented and adopted at Convocation. This resolution came into being because of the expressed concern of the Christian Social Relations workshop.

.... "God loved a cheerful giver." II Corinthians 9:7

In response to Bishop Hanchett's appeal, more than \$6,500 was pledged for the following specials:

1. The Bishop's Discretionary Fund
2. St Thomas' Church, Hanalei
3. Diocesan House
4. Palama Interchurch Council -- Summer Program
5. St Philip's Church, Maile
6. Scholarship Aid -- Summer Camp
7. St Barnabas' Church, Ewa Beach

Over \$3,600.00 was sent to the treasurer, for the United Thank Offering. This contribution is only a small portion of our thankfulness to God for the many blessings received.

In order to keep pace with our contemporary society, three ad hoc committees were appointed to study and make recommendations on:

- a. The Annual Meeting -- improve communications.
- b. Financial Structure -- chaired by Mrs Williard Buscher. This committee evaluated and recommended several changes which are to become effective in 1970.
- c. The Bylaws of the Episcopal Church Women of Hawaii -- Mrs Richard Herkner, chairman will present proposed changes before the women so that such changes may go into effect at the Primary Convention.

To keep our churches supplied with altar linens, a few faithful women meet at the Diocesan Altar Guild room every Tuesday from 9:00 am to noon to sew. This is a place where genuine Christian fellowship is displayed. Our women also participate in many ecumenical activities.

We rely on the Newsletter for dissemination of educational and spiritual information from the Board to the members. This publication is also sent to the clergy and other interested persons.

Detailed reports of the entire Executive Board will be available after Convention.

ANNUAL REPORT OF ST ANDREW'S PRIORY

Ever since its founding, Ascension Day 1867, the successful portions of the history of the Priory are due to the leadership of the Sisters in the Anglican Communion. Only for a brief time, following the annexation of Hawaii by the United States and transfer of the Church and School to the American Church, was the school under secular administration. By 1909 the dilapidated condition of the school dictated a rebuilding

program. Finally in 1918 the American Order of the Sisters of the Transfiguration came to the rescue and the result of their devotion and labor is monumental. The Priory now stands among the few truly outstanding educational institutions in Hawaii.

The Episcopal Church in Hawaii is in great debt to the Sisters of the Transfiguration and their religious predecessors from England for our heritage, a school where our daughters can still receive "A firm grounding in the faith of Christ."

Despite the fact that the Priory's first Headmaster was appointed to administer the school beginning June 1, 1969, we are fortunate that four Sisters remain on the staff. It is hoped that this number shall not decrease in the future and, in fact, we pray the number may be increased.

The new Headmaster is keenly aware of the century of progress as he takes on the task of heading the Priory. So much is unknown to those outside the school. The Sisters are content to perform their tasks and leave their mark with little or no concern for recognition by those immediately surrounding them. The new Headmaster found a faculty and staff unbelievable dedicated and immensely capable. He found, also, a student body proud of their school, grateful to be a part of it and intent on deriving the benefits it affords.

The 1968-1969 school year closed with diplomas presented to 63 graduating Seniors of whom 59 are now attending colleges and universities. The new school year of 1969-70 opened with an enrollment of 625. The new Headmaster pledges all the talent, energy and faith he can muster to continue and, God willing, to build still further upon the rich heritage which is ours by the fact that the Priory is part of our Church and our community.

This past spring, the Western Association of Schools and Colleges awarded the Priory another five year accreditation. It seems quite appropriate to close this report by quoting the major commendations of the visiting committee of the Association:

"The Committee Commends:

1. The high morale and many evidences of inter-departmental articulation and cooperation among staff members and the pride they demonstrate in their students and in St Andrew's Priory.
2. The interest and involvement by departments in up-dated instructional practices.
3. The work of the administration in maintaining traditional standards of excellence in the program.
4. The general intellectual potential exhibited by Priory girls in their classes.

ANNUAL REPORT OF IOLANI SCHOOL

The 106th year of the largest (1,200 boys) Episcopal school in the country (and the largest independent boy's school in the country) was a great year.

Great, because we had our second Presidential Scholar, a young graduate of academic and moral distinction. He can be counted on to give leadership to his class at Princeton and to his generation. Iolani was signally honored in being the first and only school in Hawaii to date to have two Presidential Scholars chosen from its ranks.

1968-69 was a great year because Iolani student leaders were unafraid to speak and write about the controversial issues of the day that meant a great deal to them.

It was a great year because our Board of Governors came to grips with the pressures to curb academic freedom and conscientious scruples; because our faculty and staff stood in support of an individual's right to his conscientious position, even when it might be either unpopular with some or even unacceptable to others. While supporting academic freedom, the Board did express concern about an administrator's activities outside the school which through association might result in his views and actions being ascribed to the school.

It was a great year because our Seniors initiated and we accepted their new forms of Senior privileges; because we learned to evaluate a boy on his merits, not on the length of his hair; because we developed open-ended communication with boys on the drug scene and believe we made constructive progress together; because we tolerated sloppiness and have lived through it and come out on the other side, where we all recognize that styles change, but cleanliness, kemptness, and thoughtful consideration in daily manners are essential.

It was a great year because all boys did more social volunteer work, gave more money to others, scored higher than ever on school and national tests, and found deeper attachment to the reality of the "Iolani way": mutual acceptance regardless of economic status, social rank or social background.

It was a great year because the chapel committee dared to innovate. Not every innovation was a success, not by a long shot. But the imagination, interest and curiosity were alive.

It was, finally, a great year in the field of sports. Coach Hamada "swanned out" with an undefeated record for his Varsity football team, very nearly matched by the Junior Varsity and 9th grade teams. Not to be outdone were the Varsity water poloists and the JV tennis and baseball players, all of whom wrote "champs" at the end of their respective seasons. Swimming went to its highest levels - 3rd in the ILH and 2nd in the State. Soccer was 2nd and so were golf, JV water polo, Varsity track and 9th grade baseball. There were too many individual champions to enumerate here. It was a great athletic year for one of the smallest (in grades 10-12) student bodies in the ILH.

Iolani was revisited (not re-evaluated) by the Western Association of Schools and Colleges. In 1965 we were given a four-year period of accreditation - not the full five years because of the then inadequate library (about to be replaced by our present great library). On their revisitation in March the team recommended the term be extended from four to six years, the longest period to our knowledge ever granted any school. We are grateful but it should be pointed out that the length of accreditation in not, underline not, to be construed as being in direct proportion to the excellence of a school.

In actuality, a school might have the finest faculty, student achievement, original curriculum, etc., but be limited in length of accreditation because of some physical limitation. Accreditation is as real and as genuine if it is for one year, or if it is for six years, as in Iolani's case. There is a great deal of obfuscation about this and curious attempts to delude the public on the part of some educators who misuse or confuse the significance of the length of accreditation.

Finally, it was a great year in Iolani's history because of the generosity of the entire school family, (faculty, parents, former parents, alumni, and the Iolani Boosters and community friends) to the three areas of financial need of the school: endowment, scholarships and building fund. These amounts were given in the past year:

| | |
|----------------|----------------------|
| \$ 3,143 | in endowments |
| 70,291 | in scholarships |
| <u>101,464</u> | to the building fund |
| \$174,898 | TOTAL |

1969-70 will see even a greater year for our school and the beginnings of a committed, serious attempt to greatly enhance the endowment of the school so that we may keep it a school for any boy of proven merit regardless of economic circumstance, social status or racial background. Iolani, motivated by profound religious truths, is committed to prepare boys "to rightly divide the word of truth."*

One concluding word to my colleagues on our devoted and generous Board of Governors; to my colleagues in the Administration; to our great faculty; to our faithful staff; and to my right bower, David Coon, and my left, B F Lau - lasting gratitude; to our Prefects and student bodies, to all our boys and devoted parents I say, thank you, for making 1968-69 a great year for Iolani.

The Rev Burton MacLean, Headmaster

*Timothy 2:15 - Study to show thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth.

September 1969 marks the beginning of the sixth year for Seabury Hall. We were launched with \$25,000 in capital funds from the ECAP of 1961 to launch this undertaking for a girl's boarding school in Makawao, Maui. School opens in 1969 with boarding facilities for 94 girls plus residences for nine faculty families, ten classrooms, chapel, swimming pool, tennis court costing three quarters of a million dollars. Capital indebtedness will approximate 15% of that total when school opens this fall.

We are proceeding on schedule within the long range plan of incremental expansion in four phases over a twenty year period. We now enter phase two with the new dormitory going into use in September 1969. The next building program will call for enlarged dining facilities (kitchen already enlarged) and added classroom space including a library, beginning approximately 1974.

It is possible to measure growth by buildings constructed and money expended, for these are "concrete" and visible. The real growth must be measured in quality of education both in the classroom and in the living environment. The former can be measured by the periodic evaluation given by visits from accrediting teams from other schools. In the spring of 1969 we received our first full and prolonged visitation. We had had two graduating classes (1967 and '68) against which to judge our success as a college preparatory school. Based on the Visitation Committee's objective observation, we received a five year accreditation on this first go-around. This is the longest possible period of accreditation given. This says, "What Seabury Hall is publically striving to do, has been done adequately using the resources at its disposal at an efficient level." Share our joy at being told, "Well done, good and faithful servant."

There is no yardstick to measure the quality of "living" in a boarding school. Since women (and men) seem to have less than success in finding pat answers to solutions of how to live together in peace and tranquility, we know at Seabury Hall that we must live in the context of forgiveness. The only way we know to deal with the alienation and brokenness that come from life together is in the saviourship of the Christ. To live any other way seems shallow and evasive. Therefore, we toil to be loving and wrathful so that each girl entrusted to our care can attain a measure of self worth and success in adapting to living closely with others. Through this process she might find a meaningful life. In God's good time we will know if we have succeeded.

This is your school, as we belong to the entire Diocese, even if we are "way over in Maui." As an intergral part of the Church - we depend on you in hard prayers and hard cash.

SPECIAL REPORT:

The Diocesan Council designated Seabury Hall's Summer Tutoring Program as the recipient of the Lenten Church School Missionary Offering for 1969. A total of \$681. has been provided by the Churches through the Diocese for this activity. Combined with funds from the Makawao PTA (\$100); a Honolulu foundation (\$1,000); and the women of Holy Innocents, Lahaina, Maui (\$100); and a New England resident (\$200); we held a two week academically oriented on-campus program for thirty eight children of the local public and a parochial school in Makawao, with ten Seabury Hall girl tutors with prior tutoring experience. The success of this program, perhaps, indicate that a better stewardship of the use of the Church's camp resources might be directed toward academic summer camps instead of recreation summer camps.

ACCOUNTANTS' REPORT

The Board of Directors
The Episcopal Church in Hawaii:

We have examined the balance sheet of The Episcopal Church in Hawaii as of December 31, 1969. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet presents fairly the financial position of The Episcopal Church in Hawaii at December 31, 1969, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year. Except as to the allocation of investment income on Schedule 2, the current year's supplementary data included in Schedules 1 - 4 have been subjected to the same auditing procedures, and in our opinion, are stated fairly in all material respects when considered in conjunction with the basic financial statements taken as a whole.

Notes to Balance Sheet:

(1) Accounts and Records. The accounts and records of the Church do not reflect the financial position and results of operations of parishes, missions or institutions which conduct the activities of The Episcopal Church throughout the State of Hawaii. However, certain trusts of these departments are held by the Church, and accordingly, have been taken into account in the accompanying balance sheet.

(2) Land and Buildings. Title to all real property (other than real property of Iolani School and St Clement's Church) is vested in The Episcopal Church in Hawaii; accordingly, such property is accounted for in the records of the Church. The carrying value of the property is frequently an estimated amount not readily subject to accurate determination, intended to represent expenditures made not only by the Church but also by missions, parishes or other persons.
